# About Dabukazi Afrika PTY(LTD)

Dabukazi Afrika (PTY) Ltd T/A Greater Kudu Africa (Tours & Transfers) is a private transfer and tour company based in Hoedspruit Limpopo and is operational in the Lowveld and Kruger National Park Region. African Dawn Safaris, a division of Greater Kudu Africa, focuses on safaris within the Kruger National Park, Manyeleti Game Reserve, Tshukudu and Khaya Ndlovu. The nature of our company is primarily to focus on private airport transfers and tours (conveyance of tourists) within the boundaries of the Republic of South Africa and neighbouring states such as Eswatini and nearby countries including Mozambique, we also transfer tourists to the border posts of Zimbabwe, Botswana and Lesotho. The company is directed by a team of highly skilled and knowledgeable professionals with considerable experience in the industry.

When the COVID-19 pandemic struck, the travel and tourism industry was impacted first, many businesses closed down, some temporarily and some permanently. African Dawn Safaris was one of the companies affected, however new leadership with advanced insight brought the African Dawn brand back to life. Now African Dawn Safaris, as a division of Greater Kudu Africa, focuses on game drives while the new brand Greater Kudu Africa centres around transfers and alternative tours.

African Dawn Safaris is a well-known brand with its footprint around the Lowveld Area and Kruger National Park, it has always been amongst the biggest competitors in the region. Greater Kudu Africa and African Dawn Safaris combined to create a professional company designed to provide the best service to international and domestic travellers. The value and quality of the services we provide greatly outweigh transportation providers such as mass transit buses, standard rental car providers, taxis, and other shuttle services. Greater Kudu Africa is accommodating towards the local market while focusing on the international market.
